Congressman Bob Dold visits Lake Forest's Colborne Foodbotics for Town Hall Meeting

Lake Forest, IL - Colborne Foodbotics played host to Congressman Bob Dold for a hands on look at this Lake County Manufacturer of Automated Systems for the Baking and Food related industries. After a tour of the company's engineering and manufacturing operation Congressman Dold held an Employee Town Hall Meeting. Employees of Colborne Foodbotics were given the opportunity to ask a wide variety of questions. "Having Congressman Dold to our facility was a great experience for our employees as they were given the opportunity to ask questions from the current presidential election, to healthcare, income tax and the potential student loan crisis" said Rick Hoskins, Director of Sales and Marketing at Colborne Foodbotics.

Critical issues to Colborne Foodbotics and its customers include Sugar Reform and Ethanol Policy. The current U.S. Sugar Program costs consumers and bakers almost \$4 Billion each year in higher sugar costs and has led to a loss of more than 112,000 jobs. The Ethanol Policy has substantially cut back on the supply side of Wheat driving up the cost of Flour and costing bakers and consumers \$6 Billion, annually. Congressman Dold offered his support on both issues at the Tuesday meeting.
